

CONNECTICUT HOUSING PARTNERS CEO RENÉE DOBOS HONORED AT WESTFAIR BUSINESS JOURNALS WOMEN INNOVATORS EVENT

September 24, Trumbull, CT – Connecticut Housing Partners (CHP) is proud to announce that CEO Renée Dobos has been recognized as a 2024 Women Innovator by Westfair Business Journals at their prestigious Women Innovators event. The ceremony, hosted at Rolling Hills Country Club in Wilton, celebrated influential women leaders from Westchester and Fairfield counties who are making significant contributions in their fields.

As the CEO of CHP, Renée Dobos has been at the forefront of tackling one of the state’s most pressing challenges—affordable housing. Under her leadership, CHP has provided safe, affordable housing options to countless families in need, helping to bridge the gap between those struggling with housing insecurity and sustainable living solutions. The organization’s mission is centered on addressing the affordable housing crisis by developing and managing high-quality, sustainable, and affordable housing communities. These initiatives empower lower income families, seniors, and members of the workforce to thrive in safe environments that promote dignity and opportunity.

Dobos shared, “This award is a reflection of the resilience and strength of the people we serve every day. What drives me is not recognition, but the impact we make on the lives of those living in inadequate conditions, whether it’s mold-filled basements or cars in parking lots. Their courage inspires us to continue pushing forward to address the affordable housing crisis in Connecticut.”

CHP remains committed to its mission of fostering stability, community, and hope, striving to provide affordable housing that not only meets basic needs but also serves as a foundation for opportunity and growth. By working in partnership with local governments, businesses, and nonprofit organizations, Connecticut Housing Partners is making strides in creating long-term, sustainable housing solutions that contribute to the well-being of communities across the state.
